Christmas Link Player is a lightweight and easy to use application designed to play YouTube links in Mozilla Firefox, allowing you to listen to your favorite music for hours, without being interrupted by pesky commercials. The application provides you with a pre-existing list of Christmas songs and videos from YouTube, enabling you to play the one you want. In addition, it also displays each song's duration in hours, minutes and seconds, useful particularly in the case of concert recordings, that can be quite lengthy. Christmas Link Player allows you to play a single item on your list, but you also have the 'Play All' feature that lets you listen to all songs, one after the other, and replay them when the program reaches the last entry. Moreover, this small utility enables you to add your own links to the playlist, which do not necessarily have to be Christmas-related. You can create extensive lists of YouTube songs and listen to them for hours on end,
