Note You can find the lasso tool and many other editing tools in the toolbox under the Selection tool or in the image window. 3. Click once to select the active selection area, which is a magenta square around the image (Figure 6-2, top left). Drag across the picture to select an area of the image that will be included in the lassoed selection border (Figure 6-2, top right). When you release the mouse button, Photoshop selects the area enclosed in the magenta border. The blue-dotted square shows which portion of the active selection is selected. 4. Choose Select → Inverse. The image updates to show only the gray-on-gray interior of the lassoed area you just selected (Figure 6-2, bottom left). 5. Using the move tool (Figures
